

**Ohio Cost Savings Group Working Meeting  
Characterization and Delineation of Contaminants  
January 30, 2001  
Mound Technology Center**

**Technologies Vendors Attending**

The following four companies will be making presentations Tuesday morning January 30, 2001 at the OCSG meeting at the Mound Technology Center. Listed below is information about each of the companies, e.g., address, phone/fax numbers and company representative.

In order to provide as much information about these companies and their respective technologies for site representatives planning on attending the meeting, the company's web site has been provided. In addition, direct links to the TechCon web site have also been provided. The TechCon web site houses a 'Vendor Submittal Database' that contains specific information about each company's corporate capabilities and relevant project experience. This information was submitted by each company directly to the TechCon web site in response to specific remediation projects at various DOE sites.

**Cone Penetrometer**

Applied Research Associates (ARA)
